### SMC hosts its 1<sup>st</sup> Annual Red Cross Blood Drive!

**American  
Red Cross**

*Together, we can save a life*

On Wednesday, August 3, 2016, Samaritan Medical Center held its first annual Blood Drive, conducted by the American Red Cross. Over 30 individuals signed up to donate blood, and the mobile unit was on the campus parking lot from 9 am until 5 pm. We would like to express our appreciation for everyone who participated and donated blood that day. To add a little excitement, Samaritan Medical Center held a drawing of the participants and the following are our winners:

**MARIA LORICA** – from 2581, Suite 302 won the \$100 COSTCO gift card.

**ANNA GIVEN** – from 2505, Suite 502 won the \$100 Nordstrom's gift card.

**CHERI MASSARO** – from 2505, Suite 502 won the \$50 Starbuck's gift card.

To stay abreast of SMC future development plans, please visit the website we created that contains updates on building plans for the medical campus.

**DID YOU KNOW?**

### New Sitting Area

We recently created a new garden area for patients and staff who would like to grab a snack, lunch or just enjoy the outdoors. It is located right next to the Pharmacy among the 2505 buildings.

We also wish to point out that the Pharmacy now conveniently carries snacks, soft drinks and greeting cards, and welcomes campus staff to stop by.

### Two New Programs at Cancer CAREpoint

Cancer CAREpoint is proud to offer a “Finding Balance” exercise class and a “Healing through Art” program in October. Studies show that medications and inactivity can affect balance, coordination and strength. The Finding Balance class will help improve strength and balance by introducing exercise and movement in a positive environment. In addition, this program helps promote improved reaction time, mental processing and special orientation. The goal of the Healing through Art program is to encourage participants to open themselves to free expression and to be inspired while exploring their creative side. This program will combine art, movement and mindfulness to reduce stress and connect the body and mind. No prior art experience required.

There is no charge to attend. For more information and to register, call 408.402.6611 or email [cecilia@cancercarepoint.org](mailto:cecilia@cancercarepoint.org).

# TENANT SPOTLIGHT

**Vincent D. Lepore, Jr., M.D.**  
*Plastic & Reconstructive Surgery Associates*

## A Sunset Soiree on the Roof

A lively evening on the 4<sup>th</sup> floor rooftop of the Samaritan Medical Center Parking Structure was held on September 21. Dr. Vincent Lepore, Plastic and Reconstructive Surgery Associates, hosted the event "It's My Time," featuring a beauty and wellness theme.

"We wanted to give people an opportunity during this relative lull between back to school time, and Halloween, to explore a little pampering, a little "me time," says Dr. Lepore. Popular beauty and medspa products were showcased, including Allergan's full range of fillers, wrinkle smoothers, and cosmetic and reconstructive breast implants. Obagi skin care, makeovers, brow shaping, and relaxation techniques were also featured.

And, there was a greater purpose behind the event, which benefitted the local non-profit, Cancer CAREpoint.

Dr. Lepore is a Board Certified Plastic Surgeon, who did his training at Stanford. He offers a full range of cosmetic and reconstructive treatments in his office and surgery center, at 2581 Samaritan Drive. He and his staff have been Samaritan Medical Center tenants for the past 10 years.

Guests arriving on the roof

Cancer CAREpoint Board Member Gav Crawford, exploring relaxation

Members of Dr. Lepore's staff - hard at work

Makeup artists providing makeovers

Cosmetic Consultant Courtney & a member of the makeup team
